Animals including humans Seasonal change	Earth and space Forces Forces and magnets	Everyday materials Uses of everyday materials Properties of materials States matter
Autumn 2019	Spring 2020	Summer 2020
living things and their habitats Rocks Evolution and inheritance	Sound Electricity	Light Plants

The Broomfield SILC science long term plan for Primary is based on the National Curriculum Programmes of study for Key Stage 1 and 2. The plan aims to teach each strand over a 2 year period so that scientific concepts can be revisited and reinforced. **YOU MUST TEACH THE LISTED STRAND AND NOT MOVE THEM AROUND AS THIS WILL AFFECT DATA COLLECTION**

The curriculum will be enriched with regular science days and extra-curricular activities.

Working scientifically should be incorporated in to all strands.
